

— For professionals ready to lead, switch, upskill or restart

Your leap into AI **starts here** — no matter where you're starting from

Create your agent, zero code or code

Architect Enterprise AI solutions

AI Doesn't Wait. Neither Should You.

Prompt like a pro

Talk to your data for decisions

Deploy AI, not just discuss it

THE TEAM BEHIND YOUR JOURNEY

Upgrade your career stack • Future-proof yourself for AI • Curious today Confident tomorrow

Practitioners who've actually built AI at enterprise scale — not trainers reading slides

20+ Years of Enterprise IT Leadership

COE experts, architects, consultants and directors who've managed global engagements

Real Industry Experts, Global Reach

An expert bench drawn from across the globe, bringing perspectives from multiple industries.

Certified & Credentialed Mentors

Certified AI Solution Architects, Data Scientists, AI Specialists, Data Engineers.

Proven Training Delivery

100+ professionals trained on AI & Agentic AI, **40+** developers enabled on Claude Code & Agentic SDLC.

Built AI Capability From Ground Zero

Hands-on experience standing up Data & AI capabilities and leading full-scale AI transformations

YOUR AI LEARNING JOURNEY

Upgrade your career stack • Future-proof yourself for AI • Curious today Confident tomorrow

Every path starts with the foundation, then branches into a **No-Code** or **Developer track** or **Both**.

★ STREAM 1

AI Foundation

Core concepts, tools, and mindset every AI-fluent professional needs

8–10 HOURS

Agentic AI Foundation

Agent architecture, orchestration, and multi-agent design patterns

8–10 HOURS

then choose your track

No-Code Agents — STREAM 2 ★

n8n · LangFlow · Voiceflow — build agents without writing a single line of code

Developer Track — STREAM 3 ★

Claude Code · agent frameworks and a production-ready Agentic AI project

★ Both Streams

CHOOSE YOUR LEARNING PATH

Upgrade your career stack • Future-proof yourself for AI • Curious today Confident tomorrow

Three streams, one goal: real, applied AI capability — matched to your role and how deep you want to go.

STREAM 1

Curious to Capable

Anyone exploring AI — flexible track

- AI Foundation
- Agentic AI Foundation

OUTCOME

Hands-on AI understanding with a clear next step tailored to your role.

STREAM 2

Agentic – No-Code

Business users, analysts & process owners

- Stream 1
- No-Code Agents & Automation · 8 hrs

OUTCOME

Launch AI-powered agents for Banking, HR, Finance & Legal — without writing a single line of code.

STREAM 3

Agentic – Code Based with AI

Software engineers & developers

- Stream 1
- Agentic Foundation & Frameworks · 8 hrs
- Claude Code · 14 hrs

OUTCOME

Deploy production-ready AI agents, sub-agents & a full Agentic SDLC project.

WHY TRAIN WITH US?

Upgrade your career stack • Future-proof yourself for AI • Curious today Confident tomorrow

Real experience. Real projects. Real outcomes — not another generic AI course.

Real Enterprise AI

Every concept drawn from real experience.

Proven Track Record

100+ professionals trained across different business areas.

Hands-On Labs

You build real agents, RAG pipelines & production-ready code — not just slides and theory.

Cutting-Edge Curriculum

Claude Code, MCP, Agents, Prompt /Context / Harness Engineering, Memory Management.

Industry Expert Trainers

Architects, Directors, Consultants with rich experience in Fortune 500 companies.

Limited Cohort Sizes

Small batches guarantee direct access, personalized feedback & real mentoring.
